

# Nexion interprets Stone

## LITHIC COLLECTION

Lithic revisits the **innate beauty of the natural stone** according to **Nexion designer style** which opens the boundaries to new technical features with the revolutionary **Absolute Matte** finishing.

Four new aesthetics emulate the vivid and realistic shades of natural stone and harmonize the graphics of nature by representing it in sintered stone.

**Brightness, texture and Absolute Matte:** world's finest materials are re-design and enhanced by an incomparable research and design process to give the material the right texture, touch and look; **Nexion present a new revolution in matt surfaces: Absolute Matte**, an unparallel soft touch surface without compromising on anti slippery and anti-reflective technical performance of sintered stone.

Lithic offers impeccable aesthetic solutions together with the highest technical qualities of Nexion sintered stone.

The collection comes in four colors: **Roccia Portoghese**, inspired by the beige limestone, **Vicenza Beige**, the classic pale sedimentary stone, **Basalto Grigio**, the dark volcanic rock and **Gabbro Sfumato**, gray with muted tones.

## Nexion about

Nexion is a brand of Nexion Surfaces, a multinational ceramic company that is the result of a partnership between two large family groups that have always been leaders in their reference markets: Ceramiche Speranza, the best in its class Italian firm founded in 1961, that has setup the state of the art manufacturing facilities in India together with the Aghara family, one of the leading players in ceramics and sanitary ware in India since 1977.

With mastery of technology and design, we turn the best of the Italian tradition and lifestyle into contemporary ceramic surfaces that can be source of inspiration for architects and designers around the world.

Open-minded and keen to learn from customers and partners, we are committed to deliver the best quality and service and we believe that our work ends when our clients fulfill their desires and achieve their goals.

### Nexion installation suggestions

Nexion recommends 2 mm joint for optimal aesthetics taking advantage of the tiles caliber in multi-sized applications. Both cement and epoxy grout can be used; grout-design color matching advisable for optimal aesthetics. It is not recommended to use grouting with colored pigments in contrast with the color of the tiles. For detailed installation guidelines log on [www.nexiontiles.com](http://www.nexiontiles.com)

### Nexion quality standards

ALL TESTS ARE CARRIED OUT BY ITALIAN LABORATORIES ACCREDITED ACCORDING TO ISO/IEC 17025:2017  
Standards according to ISO 13006: Annex G - EN 14411: Annex G. Dry - Pressed Ceramic Tiles.
