SYNCSTONE
DIGITAL FULLBODY TILES 600x1200mm

INDIA'S FIRST QR-INTEGRATED TILES WITH DIGITAL TWIN TECHNOLOGY

Revolutionizing tile creation with our interconnected digital twin technology in the kerajet machine that redefines 3D decor. Step into the future with India's first QR code synchronized tiles. Using special ink, they achieve a punch effect illusion, showcasing unparalleled technology with limitless size and creativity. Just cutting-edge brilliance and no reflection at all.

Product Unique USP's

| SHARP & FINE DEEP EFFECTS | HIGHLY DETAILED PRINT | ULTRA DURABLE BODY |

QR PRINTED TILES WHICH HELPS TO SYNCHRONISE TWO DIGITAL MACHINES

Marvel at Revolutionary full-body tiles

Experience the fusion of luxury and innovation with our leather-inspired tiles. Utilizing advanced 3D technology from our extensive R&D, we offer four dynamic color tiles in a sleek leather finish, creating architectural marvels for your space.
